

WHY ENTER

the HSJ Partnership Awards 2019

HSJ PARTNERSHIP AWARDS 2019

What are the HSJ Partnership Awards?

The HSJ Partnership Awards showcases the most effective partnerships with the NHS. A rigorous and challenging entry and judging programme is used to determine best in class with our criteria prioritising patient experience and outcomes, stakeholder involvement, financial savings, value creation and the sharing of best practice.

Entering the HSJ Partnership Awards 2019 allows your organisation to not only have the chance to be part of the three-course sit down ceremony, but to also:

Receive qualitative feedback from our judges

Position your project in front of NHS leaders on the judging panel

Share best practice from across the healthcare sector through HSJ

Celebrate the success of your project team

Every finalist and winning entry will be featured in the annual Projects Showcase

As well as the above benefits, all submissions will receive a one-month free subscription to hsj.co.uk upon submission of entry.

What is the HSJ Partnership Awards Projects Showcase?

The Projects Showcase provides an HSJ analysis of all winning projects and a summary of all finalists including the judges comments on why they were selected.

As well as the winner write ups, the Projects Showcase also highlights the great projects from all finalists in every category.
